## THE CABLE LINE LOCATED.

The Company Broke Ground on Tenth Street Yesterday Afternoon.

DETAILS OF THE SCHEME.

The Cable Line Enjoins The Street Railway and the Latter Corporation Retaliates-Other Local News.

The Cable Road.

That the route of the cable line has long been established in the minds of the projectors is attested by a petition which was filed in the district court yesterday morning. It is a voluminous document, and in substance, prays on the part of the Cable Tramway company to enjoin the Omaha Horse Railway company from, in any manner, interfering with the construction of the same.

The petition makes defendants of the company in question. Frank Murphy, its president; Guy C. Barton, vice-president; W. W. Marsh, treasurer; John E. Wilbur, secretary, and W. A. Smith, superintendent. The instrument sets forth that the plaintiff is a corporation organized under the laws of Nebraska, for the purpose of constructing and operating a cable tram-way railroad through the streets of It states further that in the original articles of incorporation the fol-lowing thoroughfares were designated as the streets upon which the line might run: Ninth, Tenth, Eleventh, Thirteenth, Fourteenth, Sixteenth, Vinton, Sherman enue, Twentieth, LaFayette, Jefferson, Saunders, Park avenue, Leavenworth, Sherman street, Farragut, Coburn, How-ard, Harney, St. Mary's avenue, Farnam, Dodge, Chicago, California, Cuming and Moreer avenue. The northern terminus of the line on Tenth was to be Chicago, the southern terminus at the other extremity of that street; the eastern terminus on Farnam was to be Eighth street, and the western the western extremity of the same street. The south line of Twentieth was to be the terminus on Twentieth street, and the northern one the northern is it of the same highway. It is claimed further that the authority to build was granted to the company by a majority vote of the people to whom the question was submitted, and that in accordance with that vote, the council soon after passed an ordinance granting the company the right to construct the with the termini named. It is further claimed that the streets upon which the company proposes to build its lines are Tenth from Pacific to Farnam, thence west to Grant extended, being north of Clark, along Twentieth north. The center of each line on Tenth street will be ten feet on each side of the middle of the street. On Farnam the center of the two lines being 13.35 on each side of the middle of the street. On Twentieth street the center of each line shall be five feet on each side of the middle of the street except in that portion of the street mentioned, which is occupied by the Omaha Horse railway company. On that part the tracks will be laid ten feet on each

side of the middle of the street mentioned It is further asserted that contracts have been made to the extent of \$390,000, and that that material has been distributed and the work of erection commenced. The company claims to have bought a site upon which to locate its engines, and in several other ways made a great outlay of money. The Horse Railway company, it is asserted, under an alleged charter, granted by the territory February 18, 1867, claim exclusive control of all the streets of the city for railway purposes. structing the cable tramway and to remove any material of the same which may be placed on the streets, place obstructions in the way and even undertake to build new and other lines with their old ones to prevent the cable line from building its road. Of the amount of work to be done, the plaintiff claims that \$100,000 is nearly ready, and that he has already commenced the work of construction, and that defendant threatens to lay down other tracks to exclude it from the right of way.

The petitioner therefore prays that the

defendant be enjoined from placing any obstagle on the road, building other tracks, removing material, or in any manner interfering with the construction of

the cable line
Judges Wakeley and Neville to whom
Judges Wakeley and Neville to whom the petition was first presented, stated that they had a direct personal interest in the subject matter and the matter was finally attended to by Judge A. M. Post, of the Fourth judicial district. He grant-ed a temporary injunction and will hear arguments on a permanent one on next Monday at Columbus, in this state. THE PLAN OF THE CABLE ROAD.

Yesterday the long defered work on the Cable road was commenced. A reporter who walked down South Tenth street found a large force of men at work ope-p site the Windsor hotel, engaged in tearng up the pavement, preparatory to lay-ng track. Being informed that the force of men were at work on the cable road, the BEE man immediately proceeded to pump some of the directors of the road, who happened to be standing near, to learn the details of the scheme,

which have so long been withheld.

"Yes sir." said Dr. Mercer, "we have at last commenced work on the cable road. I can give you all the particulars of the scheme with the utmest freedom now. The route? It will be up Tenth street from the depot, to Farnam, up Farnam to Twentieth, and north and south on Twentieth between Leavenworth and Hamilton. We intend to extend the line out to Twenty-eighth and shall probably be able to do so this year, f no obstacles are thrown in our way by the street railway company. That corporation will of course do everything

possible to hinder us."
"What will be the cost of the road?" \*About \$300,000, line, rolling stock and everything complete. The cost of the double track itself is enormous-\$100,000 per mile. The fact is, we propose to have a first class road, second in point of equipment to none in the country. We shall put on ten trains to start with, each train consisting of three cars manned by a conductor and gripman. These trains will run from eight to twelve miles an hour. The system will be the same as in vogue in Kansas City, Chicago and San Francisco."

"When will the road be completed?"
"If nothing hinders us within ninety
days from to-day cars will be running on the line. We propose to push the work just as rapidly as money and a large force will enable us. People accuse us of dilly-dallying and losing time during the past two months. That is all nonsense. The fact is that we have been at work all the time, and haven't lost a single day. All our material is now on the ground ready to commence work with. and ready to commence work with. our draughtsmen have been at work in Kansas City for weeks past, drawing up the plans and specifications for the road, while we have had a man in Chicago inspecting the maferial which has been purchased. We have been at work on all the smaller details of the road, and have got them closed up so that work can be pushed ahead rapidly from now on."

THE DETAILS.

Mr. Robert Gillham is chief engineer of the road, with V. Spanberg his acting assistant. Mr. Gillham will arrive in the

city this evening. Patrick Ford, the city "The Omaha cable road," said Mr,

Spanberg to the reporter, "will be, if not the finest, equal to anything in the coun-try, barring none of the roads in the big eastern cities. Everything is of the finest and most costly material. I presume in cost the line will be the most expensive

in the country."

The track rails are to be of the finest cast steel and will weigh fifty-six pounds to the yard. They will be placed about eight feet apart. The slot rail through which the grip passes to the cable will also be of steel, with an opening of about an inch and a quarter wide. It will weigh fortyfive pounds to the yard. The cable will be of the finest twisted steel and weighing twenty-four pounds to the foot.

The rails rest upon two arms of a large V-shaped iron, which are braced by means of another and similar V-shaped iron known as the yoke, the space be-tween the two being filled with Portland cement. The cable will run along in an iron tubing resting on these yokes, which are placed four feet apart. Each yoke is feet apart. Each yoke is three feet and eleven inches deep, while the tubing is only three feet and eight inches deep. The yokes are of the very finest steel. In the tubing are placed pulleys, at a distance of thirty-six feet from each other, to support the cable. These pulleys will be twelve inches in diameter and will weigh seventy-five pounds each. In fact, all the way brough every attention is to be paid to details of safety and thoroughness, so that as Mr. Spanberg says, the road will be the finest in the country. Mr. Edward Lillis, of Kansas City, as the contractor

ANOTHER INJUNCTION. Yesterday after oon Uni-States Marshal Bierbower an injunction upon served an injunction upon the cable railway people to prevent them from going ahead with the work. The injunction was obtained in the United States court by the street railway directors on the ground that no other company had a right, according to their charter, to operate a street railway of any sort in Omaha. The injunction was issued telegraphically by Judge Dundy who is now at Lake Geneva, Wis. The injunction was served upon . B. Williams, vice president, and C. E. Yost, secretary, of the Cable company. The case comes up for hearing August 18.
It is said that the street railway com-

however, are ready to give out nothing definite about the scheme. A PRIVATE TELEPHONE SYSTEM. The Union Pacific Preparing for Suit-

pany is figuring on changing its present tracks into a cable system. The officials,

The Union Pacific is preparing to put in its headquarters building a private telephone system, connecting all the offices, similar to the system used in the Chicago, Milwaukee & St. Paul building in Milwaukee. Supt. Korty is now in Milwaukee for the purpose of inspecting the system, and noting its works, as well as to obtain figures on duplicating it in the Union Pacific building. In this way the headquarters officials will be independent of the local telephone exchange, and will be able to talk with one another without a moment's delay. Connections will be made by means of a switch-board placed in the telegraph office on the first floor.

Gen. Supt Smith has gone to Denver to attend the quarterly meeting of superintendents of the road. Capt. Sam De Bow, of Chicago, mana-ger of the California Fast Freight line, in the city.

J. D. Welch, general agent of the

General Manager J. R. Callaway of the Union Pacific, went eastlast evening, to meet and return with his family, who have been spending the summer on the

Gen. Johnston, the famous ex-rebel commander, and present railway com-missioner, is expected in the city on Thursday next, to inspect the affairs of the Union Pacific. His assistants, Messrs. Walker and Warner, are now in Omaha awaiting his arrival. Gen. Johnston passed through Omaha about this time

### BLEW HIS BRAINS OUT.

An Omaha Man Commits Suicide in

Salt Lake City. Mr. Max Meyers recived yeterday from a Denver friend, Albert Abel, a letter giving the sad news of the suicide in Salt Lake city of Henry Pinner. Pinner, up to two or three years ago, was a resident of Omaha, representing Max Meyer & Bros. He went out to Salt Lake city some time ago expecting to be married to a beautiful young lady of that place. Last week in a fit of despondency he took a revolver and blew his brains out. The cause of the act is not known, but it is thought that his affianced bride jilted

Pinner was a well educated man about thirty-two years of age. He was well known and very popular here. His parents reside in Berlin, Germany.

A week or so ago Pinner was in Omaha, and dropping into the Meyer establishment asked to look at some revolvers. He was shown a large assortment and carefully picking out one put it in his pocket with the careless remark: "I guess this is big enough if I should want to kill myself," Nothing was thought of the remark at the time, but it is probable that even then he was contemplating suicide.

Wanted Him Arrested.

Mention was made in the BEE last week of the case of Mrs. Wilkins, the widow, whose marriage with her youthful lover, George Adams, did not come off. Adams had met her several days before, and pro fessed to become very much smitten. A tender feeling sprang up between the two, and it was agreed that they should be married at once. Mrs. Wilkins gave Adams \$110 to keep for her until the knot should be tied. The grown up children of Mrs. Wilkins heard of the approaching marriage and determined to prevent it. They locked Adams in one room and the mother in another, and finally released Adams on his consenting to "get." He left town and has not been seen since until yesterday, when he returned. Mrs. Wilkins friends sought to have him arrested on the ground of his retaining the \$110 with which she had entrusted him. They were informed that no criminal charge could be brought against him.

Court House Retaining Wall.

The plans with voluminous specifications for the retaining wall of the court house are on exhibition in the room of the county commissioners in the same building. They are visited daily by contractors who look them over, study them in all their details and then figure upon the work to be done. Messrs. Brennan, Lyan & Cunningham, Drexel and a host of others are going to put in bids, and the competition is likely to be close. There is at present but one set of plans and the commissioners are considering the advisability of having more made.

Thrown into the Mud. John Gibbs, a clerk in the freight depot, was thrown out of his buggy yesterday and the latter was considerably broken and dragged in the mire on Eighteenth and Farnam streets, by his horse taking

fright and running away.

THE ANNUAL CONTEST. Some Facts About the Coming Rifle

Competition. Colonel Henry, army instructor of rifle practice issued yesterday the circular concerning the rifle competition, which commences, Friday, August 20th, and continues to the 28th inclusive. The programme of firing is as follows:

First Day-Friday, August 20th. M.-Preliminary practice, 200 and 360 P. M.-Preliminary practice, 500 and 600

Second Day—Saturday, August 21st. A. M.—Preliminary practice, 200 and cards. P. M.—Preliminary practice, skirmish

firing.
Tuned Day-Monday, August 33d.
A. M.-Preliminary practice, skirmish ring. P. M.—Preliminary practice, 500 and 600 yards,
FOURTH DAY-Tuesday, August 24th,
A. M.-Department competition, 200 and

200 yards P. M.—Department competition, 500 and FIFTH DAY-Wednesday, August 25th. P. M.—Department competition, 500 and

Sixtu Day-Thurday, August 26th.

A. M.-Department competition, skirmish P. M.—Bull's-eye firing, or other matches.
Seventu Day—Friday, August 27th.
A. M.—Regimental team matches and Bull's-eye firing.
P. M.—Department competition, skirmish

EIGHTH DAY—Saturday, August 28th.
Presentation of medals and such other
prizes as may be available. In case of inclement weather, if the tiring is not held, the day following, or the first sutlable day will be used instead of, as indicated in programme.

The officer in charge of the affair is Colonel Henry. Captain James Uho, Second infantry, will be in command of the rifle camp and executive officer. Lieutenant Chas H. Cochran, of the Seventh infantry, will act as statistical and finan-cial officer. Lieutenant E. H. Brooks, of the Twenty-first infantry, will act as or-dinance officer and Lieutenant H. D. Styer, of the Twenty-first infantry, as

commissary officer.

The range officers have been appointed as follows: Lieutenants Burns and Muir of the Seventeenth infantry, Brunsbark and Wright of the Second infantry, Taggart of the Sixth and Hutcheson of the Ninth cavalry.

### NO FIGHT PROBABLE.

O'Brien and Fallon are Unable to Agree Upon the Money. Patsy Fallon and Tom O'Brien met ye s

terday afternoon at 2 o'clock at C. S. Higgins', to arrange for their fight. Fallon wanted to fight for \$500 with \$100 forfeit, which last amount he had with him to deposit. O'Brien did not want to fight for mor than \$100 and had \$15 which he deposited with Dell Rudd. He claimed he could not raise any more money and thought that as Fallon had agreed to fight him for from one hundred to five hundred dollars, he ought to be willing to accept the smaller as well as the larger sum. Fallon refused to fight for less than the larger sum. The matter was therefore declared off. Fallon, however, agreed to spar O Brien for the benefit of a mutual friend, who has just met severe losses, but O'Brien refused. 'The forfeit of the latter is still in Dell Rudd's

Republican County Convention. The republican electors of the county of Douglas are invited to send delegates from the several wards and precincts of said county to meet in convention on the 18th day of September, 1886, at the exposition building (Omaha) at 9 o'clock a.

m., for the purpose of electing Twenty-seven delegates to the republican

state convention.
Also to nominate One county commissioner. One county attorney. Two senators from the Fifth district. Eight representatives from the Eleventh

Also to elect twenty-seven delegates to the First congressional district convention.

Also nine delegates to the Sixth district senatorial convention. The primaries to elect delegates to said convention will be held on the 17th day

of September, 1886, from 5 to 7 o'clock p m., in the city of Omaha, and from 7 to 9 o'clock p. m., in the county. Each ward is entitled to eight delegates and each county precinct to three delegates. The following are the polling places for said primaries:

First ward-Jones and Tenth streets. Second ward-Grocery store, Sixteenth and Leavenworth. Third ward-1124 Dodge street, corner of

Fwelfth.
Fourth ward—Planters' house.
Fourth ward—Redman's feed store.
Sixth ward—Engine house No. 1.
Union precinct—Band house, Irvington.
Florence precinct—Solomon's hall.
Elkhorn precinct—Town hall.
Jefferson precinct—It. C. Timmes' house.
Millard precinct—School house.
Saratoga precinct—School house.
West Omana precinct—School house. West Omana precinct—School house. McArdle precinct—School house. Valley precinct—School house. Donglas precinct—Quealey's shool house. Chicago precinct—Elkhorn station. Waterloo precinct—George Johnson's of-

The county central committee also adopted the following: Resolved, That the executive committee of the county central committee act as a com-mittee on credentials of delegates to the county convention passing upon all uncon-tested delegations and reporting to the convention all contests for decision. By order of the county central committee.
E. W. Simenal, Chairman.
WM. A. Redick, Secretary.
OMAHA, August 7th, 1885.

J. L. Wilkie, manufacturer of paper

boxes, 106 S. 14th street Omaha.

Another Story. Mr. M. Hellman has determined to improve the building now occupied by him as a clothing store, at the southwest corner of Farnam and Thirteenth streets, by adding another story, thus making it a four story structure, 44x132 feet. The front will be materially improved in various ways, and when c ompleted will pre sent a handsome appearance. The upper stories will be divided into office rooms, which will be reached by passenger elevators. This improvement, which is to be begun at once, will make a break in the monotonous appearance of Central block, and no doubt will influence the owners of other buildings in the block to

follow suit.

Mr. William Paxton has decided to add a seventh story to his building which is now in process of erection on Six-teenth and Farnam. The building as originally planned was to have but six stories. Mr. Paxton is determined to have it the finest structure west of Chicago. It will be as tall as the lumber ex-change in Minneapolis, which is at present the largest structure in any of the

Opelt's Hotel, Lincoln Neb., opened March 15th, first class in every respect.

For Sale.—First-class livery barn, well located in Hastings, Neb., and a good livery business. Price. \$2,600. Terms easy. For particulars address J. E. Mc-Dowell, real estate agent, Hastings, Neb. Police Points. There were fifty-one cases on Judge

Stenberg's trial docket yesterday morning Most of them were unimportant cases o drunkenness and fighting. Charles Johnson was given a prelimi-

Margaret Schinker, wife of Mathew Schinker, to whom she has been married

nary examination on a charge of stealing a trunkfull of clothes from Sam Beatty. He was bound over to the district court in the sum of \$1,000. The trunk and contents were valued at \$80. her tast night.

A warrant was swarn out in policecourt yesterday morning for the arrest of Fritz Ruhe, charged with assault upon the little son of Willia Donecken.

The Game Law.

OMAHA, August 9, 1886.—To the Editor of the BEE: Will you kindly inform me through your valuable paper of the "Game Laws of Nebraska," or that part relative to the killing of qualls, prairie-chicken, and oblige "WINCKL E." chicken, and oblige The sporting season for quait and tur-key is from October 1 to January 1; of grouse from September 1 to January 1.

THE ENEMY IN

Rev. HUGH O. PENTECOST, Pastor of St. Paul's Church, West 5tth Street, New York, writes: "For seven successive years I was a victim to fever and agne, resulting finally in nervous prostration and melancholia, which rendered all work impossible and life itself weomstant horror. After trying everything recommended from quinine to cobweht, I was persuaded to put on a Hotsaan. I had out one chill afterward. My general hoalth became perfect, and in one year i increased from 17a to 29 pounds. The following summer, at a time when I was peculiarly subject to the trouble, I wors Dr. Holman with a A PREVENTIVE, but the enemy had been completely routed and I did not encounter him, nor have I met him alone." "For seven successive years I was a victim to fever

"I have been suffering for twenty years with Chron Dyspopesa; for eighteen years I have not enterna mai food of any kind whatever; my digestive powers were so depressed that I was unable to digest food of any kind except state bread panded with a bannar and maile fine like powder, and then boiled. I was reduced to a mere skelton, and then boiled, I was reduced to a mere skelton, and then boiled, I was reduced to a mere skelton, and then boiled, it was reduced to a mere skelton, and the boiled I was reduced to a mere skelton, and straing were indescribable. I purchased one of your liver pads, and to my uttar astonishment, in two weeks was able to eat a hearty mend with my family-roust best and vigetables. Have gained filtem pounds.

I feel happy and joyful. All the praise and thanks are due to the Holman Pad. I thank God for this blessing. Yours reapy v. Ets. I HONNER, South Washington, D. C. J. Daugesters. Pluce, \$2.0. HOLMAN PAD CO., 12) William Street N. V.

Or the Liquor Habit, Positively Cured by Administering Dr.

Haines' Golden Specific. It can be given in a cup of coffee or tea without the knowledge of the person taking it, is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate crinker or an acoholic wreck. It has been given in thousands of cases, and in every instance a serfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes an utter impossibility for the liquer appetite to exist.
